CALIFORNIA LEGISLATURE—2001–02 REGULAR SESSION

ASSEMBLY BILL

No. 140

**Introduced by Assembly Member Strom-Martin
(Coauthor: Assembly Member Florez)**

January 24, 2001

An act to amend, repeal, and add Sections 270, 275, 276 of, and to add and repeal Section 276.5 of, the Public Utilities Code, relating to public utilities.

LEGISLATIVE COUNSEL'S DIGEST

AB 140, as amended, Strom-Martin. Rural telecommunications infrastructure: grants.

(1) Existing law creates the High-Cost Fund-A Administration Committee and the High-Cost Fund-B Administrative Committee to advise the Public Utilities Commission regarding programs to provide for transfer payments to telephone corporations providing services in high cost areas and to carry out the programs under the commission's authority. Existing law creates the California High-Cost Fund-A Administrative Committee Fund and the High-Cost Fund-B

Administrative Committee Fund. Moneys in the funds may be expended, as specified, upon appropriation in the annual Budget Act.

This bill would, under the Public Utilities Act, until January 1, 2006, also establish a grant program for the construction of telecommunications infrastructure, as prescribed.

The bill would provide that the corporations receiving transfer payments shall continue to be fully reimbursed for the costs they are entitled to recover.

Under the bill, the funding for the grant program would be from the existing California High-Cost Fund-A Administrative Committee Fund or the High-Cost Fund-B Administrative Committee Fund, or both, up to a specified annual limit, as determined by the commission. The bill would require the commission to award grants, as specified. The bill would require the commission to establish a working group to develop technical criteria for evaluating the grants. Because, under the act, a violation of these provisions would be a crime, this bill would impose a state-mandated local program by creating new crimes.

The bill would prohibit any appropriation from the California High-Cost Administrative Committee Fund-B for the purposes of the grant program until the United States Supreme Court decides a specified case regarding high cost funding, the commission recalculates the statewide average cost to serve a residential line stated in a specified decision of the commission, as it determines to be appropriate, and the commission is current on all claims made by carriers for service provided in high cost areas, *except as specified*.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

- 38 on public health and safety.
- 39 (g) The commission shall establish a government-industry
- 40 working group to develop the technical criteria to be used in

21 the Government Code, or changes the definition of a crime within
22 the meaning of Section 6 of Article XIII B of the California
23 Constitution.
